

# Ringtone Installation Instructions

## iPhone:

Step 1: Download iPhone song file (.m4r) and take note of where it is downloaded to on your computer.

Step 2: Open iTunes and import file into your library - File/Add to Library.

Step 3: Sync iPhone to your computer and either 1: manually drag the file from the 'Ringtones' folder to the iPhone icon, or 2: Set the 'Ringtones' folder on the iPhone to Sync all files.

That's It!

## Mp3:

Follow the instructions for your individual device to locate the folder to import the song file to.
